Outstanding Endodontic Treatment

I was referred to the Centre of Dental Excellence by my local dentist for specialist and complex root canal treatment. One of the two areas of focus required highly technical skill in accessing the treatment area via the back of an existing front crown and adjacent to a dental implant. The treatment and the general patient care was delivered by Dr Moorjani to the highest standard of clinical practice with expert knowledge and specialist techniques and always with empathy and kindness. I am typically a nervous dental patient but felt relaxed following the first visit and had no anxiety on returning for each stage of the treatment which extended over some 16 months and is ongoing through periodic review appointments. Each stage of the treatment was explained in detail with opportunity for discussion and the associated costs made clear in advance. The experience has been very positive and I commend Dr Moorjani for her expertise and professionalism. I also commend the clinical assistants and administrative staff at the Centre for their roles in facilitating my treatment.

I had an appointment with Dr Sanjay Paul in Stanmore. He is very experienced dentist and provided an excellent & professional service. This surgery is very clean and comfortable. All staff are very caring and helpful. I was given information on aftercare, which helped me with my speedy recovery. Thank you Centre of Dental Excellence
